

ADDITIONAL DATA CONVERSION QUESTIONS:

- 1 Have you purchased the **Advanced Serials** module in v5? ☐ YES / ☐ NO

If you answered NO, the **Advanced Serials** module is not registered in your new system and Softlink will **not convert** Advanced Serials records from your existing solution to your new Softlink solution.

Do you wish to convert Advanced Serials records from your current system anyway? (Please read the following implications of this choice.)

☐ YES / ☐ NO

What this will mean to you:

- You will not be able to view, edit or delete any converted Advanced Serials records (E.G. Components, Subscriptions, Claims) in your new v5 system until this module is registered.
- You will not be able to remove terms from lists in your new Softlink solution if they are in use by an Advanced Serials record (E.G. a Branch associated with a Subscription).
- It will not be possible to delete any converted Resource records with an attached Advanced Serials record (E.G. Subscription) from the new system.

- 2 Have you purchased the **Acquisitions** module in v5? ☐ YES / ☐ NO

If you answered NO, the **Acquisitions** module is not registered in your new system and Softlink will **not convert** Acquisitions records from your existing solution to your new Softlink solution.

Do you wish to convert Acquisitions records from your current system anyway? (Please read the following implications of this choice.)

☐ YES / ☐ NO

What this will mean to you:

- You will not be able to view, edit or delete any converted Acquisitions records (E.G. Budgets, Orders, Order History) in your new v5 system until this module is registered.
- You will not be able to remove terms from lists in your new Softlink solution if they are in use by an Acquisitions record (E.G. a Branch associated with an Order History).
- It will not be possible to delete any converted Resource records with an attached Acquisitions record (E.G. Order) from the new system.
